Go here for... a nightcap and a little something sweet

As this guide goes to press, Time to Vino is moving to the old Penny's Lane site tucked in the laneway behind the Coke Sign. Even in larger digs, this wine bar would be easy to miss. And that would be a great shame, because TTV is exactly what a wine bar should be: a venue with a good fit-out, great service, and an exceptional wine list. Wine is served both by the bottle and in 125ml and 250ml glasses. We recommend going for the 125ml serves and trying a few, as they've got some really interesting local and European tipples. Ask the sommeliers on hand if you're at all unsure – they really know their stuff. Oh, and if you're swinging by after dinner save room for the 'adult sundae' selection. Yum. Time to Vino would be a great pit stop at any stage of your evening or, indeed, an evening in itself.
